## OUR WEEKLY HIGHLIGHTS

Hello from Aydel the H.C!

Week 2 in Gan Izzy flew by! We started it off with an awesome trip to Sandbar Beach. Wednesday was packed with fantastic activities, like a bean hunt and auction, as well as a super incredible color run for Color Day, clubs, and candy-sushi making. Thursday was our annual and long-awaited trip to the JayPeak water park where we had such a blast! We ended this week off with an amazing clown show, Shabbat party, and challah braiding. We can't wait for week 3!

## PARSHA CORNER

The Parsha of the week is Chukat! We learn all about the Parah Adumah, the Red Heifer, whose ashes were used for ritual purification.

We also learned about how Miriam, Moses' sister, passed away in this parsha, and with her went the miracle of her traveling well. Moses is then instructed by G-d talk to a rock and ask for water; instead, Moses hits the rock because he is frustrated with his rebellious congregants. The lesson we learn from this is to always listen to instructions and not let our egos get in the way of doing the right thing.

### SHABBAT TIMES FOR BURLINGTON, VT

## FRIENDLY FIREFIGHTERS

By Sara

The Sabras had a really exciting week. Between splashing at Sandbar Beach, running around during Color Day, and slipping down slides at Jay Peak, our bunk was very busy having fun! We really liked the splash pad at Jay Peak, as well as our Bean Hunt on Wednesday. We also had a really fun clown show today, and can't wait for week 3 of camp!

## MITZVAH MECHANICS

By Zelda

The boys had so much at Jay Peak going down the water slides and swimming in the pool! They were super quick at the bean hunt, getting over 50,000 points and winning awesome things at the auction. They loved their tennis lesson, the games they played, and the new things they learned about tennis.

## DAVENING DOCTORS

By Baila

This week we went on two trips at Gan Izzy. On Tuesday, we had a blast swimming at the beautiful sandbar beach. Yesterday, we went to splash around at Jay Peak. The water slides were so much fun! The rock climbing area in the pool was one of our favorite spots. In the end, we enjoyed relaxing in the hot tub. Jay Peak was so much fun! We came back all smiles.

## MINI GAN by Tiferes

This week at Mini Gan, we had some new friends join us for some amazingly fun activities. We got some sun while we played in our playground, especially the “mud kitchen.” We also had fun with sprinklers and our parachute. While inside, we davened, read books, did gymnastics, and even watched a clown performance!
